Abdullah Ayoola
Frontend Developer

As a passionate Front-End Developer and aspiring Full Stack Developer, I bring 2 years of experience in creating visually appealing, user-friendly websites and web applications.

I have a solid foundation in front-end technologies such as HTML, CSS, JavaScript, and React. In addition to my technical skills, I possess excellent problem-solving and analytical skills, with strong attention to detail. I am constantly learning and staying up-to-date with the latest industry trends.

I am a highly motivated individual who thrives in a fast-paced, dynamic environment and am always eager to take on new challenges. I am excited about the opportunity to bring my skills and experience to a new role as a FrontEnd Developer.

FreeCodeCamp.org
Responsive Web Design

I successfully completed the Responsive Web Design certification course offered by freecodecamp.org, which consists of over 300 hours of comprehensive coding exercises. Through this course, I gained hands-on experience in building and designing responsive web pages using HTML and CSS. This training has equipped me with the skills to create engaging and user-friendly web applications that can adapt seamlessly to various screen sizes and devices.

React

I have been actively seeking to enhance my skills and knowledge in ReactJS. To further my expertise, I've completed around 12 hours of video tutorials on ReactJS uploaded by FreeCodeCamp on YouTube. I'm consistently looking for opportunities to learn and practice more to become proficient in this technology.
